We are delighted to invite you to attend the mCRC Academy meeting taking place on Tuesday 26 November 2019 in Amsterdam, The Netherlands.

Professor Marc Peeters will chair this 1-day educational meeting on the multi-disciplinary management of mCRC in the era of precision medicine. An expert panel will provide practical guidance on everyday clinical challenges, such as 1st-line treatment considerations, biomarker testing, communicating with patients, optimising the use of available therapies and management of adverse events. The programme will include presentations, interactive panel discussions and workshops.

A full programme will be available shortly. **In the meantime, please contact your local Amgen office if you are interested in attending this educational meeting.**
